In Modern Forms, Nicolas Grospierre traveled the globe to sample the best modernist buildings from the 20th century. Now, he takes his camera indoors to show how modernist ideas are manifested within the walls of buildings both famous and obscure. Rather than a chronological or geographical tour, these photographs are organized in a visual flow, that allows readers to appreciate similar characteristics in interiors that would normally never be grouped together. Shot in the same distinctive and striking manner as his previous book, these images reveal the forms that define modernism. Built with forward-looking, Utopian ideals, decades later, they exist in a startling range of conditions, from dazzling to downtrodden. Through the visual flow of the book, readers can make connections between a private residence in Sri Lanka, a stair- way at the Ministry of Foreign Affairs in Brasilia, a cinema in Bangkok, a bus station waiting room in Odessa, and the vaults of a bank on Wall Street, New York. Responding to our desires to categorize and catalog, this photographic journey crosses spatial and cultural borders to tell the story of modern architecture.

Product Description

Since 1920, Architectural Digest has celebrated design talents, innovative homes, and products--providing endless decoration, lifestyle, and travel inspiration. With ten global editions, the magazine is an authority renowned all over the world for publishing only the very best of today's interior design. In this new volume--spearheaded by AD France's editor in chief, Marie Kalt--the editors of Architectural Digest's international editions have teamed up to thoughtfully curate a collection of today's most exceptional interiors around the globe. These diverse residential spaces span from the United States and China, to France, Italy, Germany, Russia, Spain, India, Mexico, and the Middle East, presenting each country's unique AD style manifesto and the work of design luminaries such as Peter Marino, Martyn Lawrence Bullard, Jacques Grange, Joseph Dirand, and Bijoy Jain, to name a few. The featured projects range from Marc Jacobs's New York townhouse to Tommy Hilfiger's Connecticut abode and Seth Meyers's Manhattan duplex; a sumptuous eighteenth-century Italian villa and a Moroccan palace; Pierre Berge's apartment and a hotel particulier in Paris; a Majorca summer home; and a country house in Russia. Brimming with stunning images and rich international inspirations, this unparalleled compendium of global interiors is a must for every library of interior design. Interior designer Mark D. Sikes burst onto the publishing scene with his New York Times best-selling first book, *Beautiful*. His new book, aptly titled *More Beautiful*, picks up where the first left off, in a celebration of classic, all-American decorating. The rooms featured in *More Beautiful* are divided into five distinct styles, all of which exude the happiness that comes with surrounding oneself with things you love. Traditional is chockablock with vibrant color, antique furniture, and heady doses of trim and pattern. Country is a new take on the style, where distressed finishes and modern silhouettes mingle for a warm welcome. Coastal is streamlined, with natural woven fibers, sun-faded linen and neutrals, and blues and whites galore. Mediterranean evokes faraway lands, with a saturated palette, ornate tiles and ikats, and iron details. Finally, there's *Beautiful*: a peek inside Mark's own Hollywood Hills home, which nods to all of his favorite design signatures--including Italian wicker, blue and white, Anglo-Indian antiques, and more. With all-new photography by Amy Neunsinger, the book will inspire with rooms that are light-filled and crisply patterned, chic yet comfortable, and just the way people want to live today. Every Pierce and Ward home tells a story. Emily and Louisa believe that there is a beauty in the unfolding of a room that takes the eye dancing from

take in the homeowner's precious sentimental favorites. As the designers for such Hollywood powerhouses, supermodels, and rock stars as Brie Larson, Leonardo DiCaprio, Dakota Johnson, Kate Hudson, and Karen Elson, Pierce and Ward artfully blend classic elements and fanciful touches, creating an irresistible kaleidoscope of patterns, textures, art, and objects. Stately striped wallpaper mixes with French florals. Brass-lion bookends sit beside trays inlaid with glinting mother-of-pearl. Milk-glass globes hang down hallways like glowing moons to guide one's path. Humble finds from eBay and lovingly worn textiles mix with museum-quality art and family photos. This book will teach readers about organized abundance and un-gaudy decadence, with a dash of restraint for good measure: it's an evocative and inspiring ode to the art of more. With a focus on Schumacher's greatest contemporary patterns--everything from classic stripes and exuberant florals to edgy animal prints--this accessible and highly useful style guide is organized thematically by chapters such as Sensual and Spare; Preppy; Ladylike; Exuberant; and Opulent, with each featuring a stunning selection of patterns along with inspiring interiors designed in the same spirit. To help readers better understand their style preferences, every chapter begins with a questionnaire, for example: Are You an Acolyte of High Style? Do You Prefer a Midnight Supper to a Power Lunch?; Consider Jewel Tones Neutral?; Think Champagne Is Not Just for Special Occasions? Page after page after page of lavish imagery and pattern details are juxtaposed alongside beautiful interiors designed by such luminaries as Miles Redd, Tom Scheerer, Amanda Lindroth, Celerie Kemble, Veere Grenney, and Mark D. Sikes, to name a few, illustrating how Schumacher's iconic patterns can be integrated into a wide range of chic and stylish room designs. The texts provide insights and tips on how patterns can be used in your decor, along with guidance for deciding what style is best for you and your home. Full of inspiring design ideas, as well as an unparalleled resource of prints and patterns, *S Is for Style* is a visual feast of interior design for all styles and tastes. In their first book, *Stamps and Stamps* share their passion for historical references and attention to detail, showing you how to create a mood with floral patterns, brimming bookshelves, and overstuffed armchairs. These images inspire you to incorporate vintage treasures into your interiors, and the text explains where to find and buy the decor--such as fabrics, wallpaper, and lighting--featured in these pages. Above all, *Stamps and Stamps* show you how to make your home comfortable, as they believe houses are for living in, not just for looking at. With a focus on Southern California, where they live, *Stamps and Stamps* specialize in designing, decorating, and restoring historic homes and gardens. From an Andalusian riad in Hancock Park restored and decorated for Ellen deGeneres, to a newly built old California ranch in Rolling Hills, to a collector's cottage in Pasadena to their own compound in South Pasadena designed around a Greene and Greene carriage house, *Stamps and Stamps* have built their style on an aesthetic foundation rooted in the past but with a lightness and wit that's very much of the present. With its beautiful photography and practical tips, *Stamps and Stamps* is sure to inspire you to embrace cozy and comfortable interior design, while showing you how to create a home that's easy to live in. Since the 1990s, Watson has been one of the most prolific chroniclers of remarkable interiors and portraits, gracing the pages of *W* magazine, *Vanity Fair*, *AD*, and *T Magazine*. From hard-edged modernity and historical exoticism to pure classicism, the photographer has documented rooms of note in cities, atop mountains, and by the sea. Complementing his masterful images, Watson gives an intimate description of each location. On this journey with the photographer, one experiences the Duchess of Alba's Palacio Liria in Madrid, filled with sixteenth- and seventeenth-century masterpieces; interior designer Roberto Peregalli's splendid riad in Tangier; the magnificent and vast Castello Gardena in the Italian Alps owned by the Franchetti clan; Guinness heir Garech de Brun's hillside retreat in County Wicklow, Ireland; the Renaissance Palazzo Massimo alle Colonne in Rome, designed by Baldassarre Peruzzi in the sixteenth century; shoe designer Christian Louboutin's fanciful Parisian apartment; and many other splendid places around the world. Designer extraordinaire Stephen Shadley began his working life as a scenic artist at 20th Century Fox. Throughout a celebrated career (landing a coveted spot on the *AD100*), his work has been marked continually by the glamour of Hollywood as well as by a kind of visual storytelling that is richly informed by the world of the movie screen and by the artifice and allure of film's great cinematographers. Notable for their expression of an exquisite sense of style, his designed homes--including the interiors for a classic Beverly Hills abode for Diane Keaton, an apartment for Robert Altman in the legendary Pythian building on New York's Upper West Side, as well as a luxurious

appreciation for understated beauty and refined materials that are ultimately warm, inviting, and serene. The book features numerous beautifully designed homes of Hollywood royalty, primarily in Southern California, though with notable projects in New York and beyond, as well as three greenrooms, which Shadley designed for the Oscars and the Emmy Awards. Wouldn't it be amazing if we could knock on the most talented people's doors and prowl through their homes for inspiration? Chosen and curated by London-based creative director Alex Eagle, this collection of stylish interiors is the next best thing. With a spotlight on objects that personalize each home, this playful volume is rich in inspiration for creating that perfect blend of modern luxury and bohemian chic. Practicing what she preaches, Eagle's light-filled loft in London's Soho is a showhouse for the objects, vintage furniture, and art she deals in at her boutique, where natural materials, rare books, original art, and vintage furniture create the warmth and personality of a well-lived home. Exploring the homes, tastes, and lifestyles of brilliant creatives around the world--from adventurer David de Rothschild to heiress Marie Louise Scio (owner of Il Pellicano), this book pairs vibrant photos of interiors with texts about their owners' worlds, providing insight into how these spaces cultivate unique ways of living, working, and socializing. Eagle's warm curation of her subjects and her personal relationships with each allows the book to transcend the boundaries of a traditional interiors tome, giving us all access to aspire. With his artful manipulation of light, he describes, with precision, the feeling that a particular room evokes. Fuelled by a mania for furniture and architectural details, Salvaing highlights the romantic elements of spaces that are often overlooked - a lush, overgrown corner in the luxurious Hotel Ivoire in Abidjan, a cluttered studio in Balthus's storybook grand chalet in the Swiss Alps, and a romantic Wong Kar-Wai film set of a Hong Kong that has long gone - offering endless inspiration for fans of interior design. Voyages Interieurs explores over two dozen of the most evocative homes of well-known creatives, from painters to filmmakers, alongside some of the most fantastic works of twentieth-century modernism, including works by Aalto, Niemeyer, Le Corbusier, and Barragan. Captivating light fixtures, luxe-yet-comfortable furniture, and carefully curated collections come together for a modern take on old Hollywood glamour that will inspire and instruct. Colourful and fun, this is a sourcebook of cool California living at its best.

In stories about his residences in the south of France (at the Chateau de Castille with celebrated art historian and collector Douglas Cooper), London (a set of rooms at the famed Albany apartment house), and the United States (glamorous New York City apartments and a country retreat in Connecticut), Richardson reveals his life through a melange of interesting places, mementoes, works of art, furnishings that prompt stories, and an endlessly fascinating assortment of friends and acquaintances Fernand Leger, Lady Diana Cooper, Fran Lebowitz, and Oscar and Annette de la Renta, to name a few. Essential reading for those interested in twentieth-century art and social history, grandly liveable interiors, and the good life.

The sensibility of interior design firm Nickey Kehoe ranges from minimal to maximal, quiet to baroque, but always seeks to express the ephemeral feeling of a space. Designers Todd Nickey and Amy Kehoe are fascinated by how a room can come together to express its own persona, as though the design just happened. Describing themselves as object-obsessed observers, Nickey and Kehoe pay keen attention to their clients passions, preferences, and beloved pieces, juxtaposing elements and styles in deceptively simple ways. The result is interior design that appears as if it were a personal collection randomly put together, when in fact it is the product of their very mindful curating. Nickey Kehoe's studied but unfussy design is elegant but never staid, proud but humble, full of detail but resplendent with negative space. And then they add a bit of the unexpected a combination of layered patterns and palettes, different time periods, humorous gestures, clever lighting any element that keeps their impeccable sense of balance from becoming predictable or formulaic. This collection of residential interiors is for the curious, for lovers of studied but unfussy design, and for those who appreciate being surrounded by beautiful things with a story to tell.

When Celerie Kemble laid eyes on a wild swath of jungle in the Dominican Republic next to mint green water and an endless stretch of golden sand, she fell madly in love. Against all odds, she designed a home away from home there, an island retreat suffused with light and air, full of indoor and outdoor rooms for relaxation. Drawing inspiration from a childhood where whimsy was part of her home's foundation, she blended meaningful, unique, and surprising design choices and details into these spaces. There is the lacy tragaluz fretwork above the doors that lets in breezes and echoes the Victorian influences in a town near the property. There are the artisanal tiles with patterns reminiscent of the strangely beautiful flora of the jungle. There are the sweet pastel-coloured bungalows and the art, objects, and textiles in dark hues reminiscent of a Gauguin painting. Throughout this lovingly crafted book about Kemble's own island design journey, ideas abound for anyone decorating a sunny home or fantasizing about spending time in one. Kemble shares inspiration for creating a sense of openness to the sea, sand, and sky; offering places to wash sandy feet or perfect viewing spots for a sunset-saturated drink; and infusing spaces with a sense of welcome, invitation, and magic. Bunny Williams's *An Affair with a House* meets India Hicks's *Island Style* in this gorgeously photographed, open-hearted volume.

Interior designer Mark D. Sikes burst onto the publishing scene with his New York Times best-selling first book, *Beautiful*. His new book, aptly titled *More Beautiful*, picks up where the first left off, in a celebration of classic, all-American decorating. The rooms featured in *More Beautiful* are divided into five distinct styles, all of which exude the happiness that comes with surrounding oneself with things you love. Traditional is chockablock with vibrant color, antique furniture, and heady doses of trim and pattern. Country is a new take on the style, where distressed finishes and modern silhouettes mingle for a warm welcome. Coastal is streamlined, with natural woven fibers, sun-faded linen and neutrals, and blues and whites galore. Mediterranean evokes faraway lands, with a saturated palette, ornate tiles and ikats, and iron details. Finally, there's *Beautiful*: a peek inside Mark's own Hollywood Hills home, which nods to all of his favorite design signatures--including Italian wicker, blue and white, Anglo-Indian antiques, and more. With all-new photography by Amy Neunsinger, the book will inspire with rooms that are light-filled and crisply patterned, chic yet comfortable, and just the way people want to live today.

In his eagerly awaited second book, Schafer shows how traditional and classical principles can blend with a sense of place to create beautifully realized homes in a range of styles, all with the satisfying tensions of fancy and simple, past and present. In part one, Schafer shares his essential tool kit for building a house that succeeds in both craft and emotion: from how to read the landscape to incorporating memory to learning how to balance both fancy and simple elements. In part two, he presents seven homes in depth, including an apartment with a view of Central Park, a hillside cottage in Northern California, an updated Connecticut Colonial on a large farm, an Adirondacks camp on Lake Placid, and a stunning A-frame on the coast of Maine. While each is unique, all the homes are beautifully livable, at ease on the land they occupy, in style, scale, and materials: models that readers will want to emulate in their own homes.

Product Description

In this latest book, the renowned Southern-based designers discuss the principles that guide their extraordinary work. Five stylish houses are presented that resonate with the McAlpine aesthetic of elegant restraint and hospitality: a colour palette of heathery pastels and warm white, and grace in every piece that wears its age with dignity. Throughout this design primer, we are shown the steps that these masters have honed to produce striking interiors. Presented are five sections that cover such useful topics as the transformative powers of light through reflective materials like silver and glass; and bringing the natural world indoors with accents of shells, stones, and horn. Evocative still life compositions are devised, representative of the hues and textures that express a harmonious mood. In one of the featured residences, the prevalence of white creates a modern ambience. In another, shades of gray combined with highlights of silver, glass, and gilt establish a restful atmosphere. Colours and textures drawn from the outside world - the reflective blue of water, the soft lustre of eggshells, and the velvety brown underside of a magnolia leaf - bring natural beauty inside casual and traditional houses. All these spaces are filled with sensuous pleasure, and quiet messages of welcome and comfort; combining slipcovered furniture with Paris Flea Market finds, they appeal to a wide range of tastes.

Honoured as one of the top designers by all the international design magazines and universally admired by design editors, Jean-Louis Deniot is in demand. His updated classical approach now graces interiors in Paris, the French countryside, Moscow, India, New York, Chicago, L.A., and beyond- and his legacy is already being compared to that of design greats such as Jacques Grange and Alberto Pinto. Deniot is an architect first, ensuring that the interior architecture of his rooms is harmonious before giving a neoclassical approach to the decor. He brings education, logic, and design history to his work, with one eye looking at the most refined style of French eighteenth century and one eye on the twentieth and twenty-first centuries. His mix is highly individual and includes contemporary art and custom-made furniture, yet his rooms always look comfortable and are never overly formal or trendy. This book demonstrates a new, sophisticated classical style that is changing the scene for international design and offering inspiration and ideas to decorators, homeowners, and antiques enthusiasts.

Nancy Braithwaite: Simplicity

SKU: 9780847843619

Price: \$1,207.50

Categories: [ARCHITECTURE](#), [ARCHITECTURE](#), [INTERIOR DESIGN](#)

Product Description

Interior designer Nancy Braithwaite's long-awaited first book is a striking tutorial in the power of simplicity in design. In the world of interior design, Nancy Braithwaite is known for her single-minded devotion to the principle that has guided her work for more than forty years: simplicity. Braithwaite's work is luxuriously minimalist, its beauty inextricably tied to its Shaker-like purity. While her work varies from art deco to country, the underlying rules remain the same: every element should strive to be simple and powerful without compromise, and every room must have a level of power that comes from commanding scale, repetition of elements, subtleties of colour, or the sheer beauty of forms. In Braithwaite's world, excess is not opulent. Simplicity is opulent. Braithwaite takes the reader deep into her singular vision. Divided into five sections, the book begins with her manifesto on simplicity and the aspects of design used to achieve it, including architecture, scale, colour, texture, pattern, and composition. She then presents three categories of style—country, classic, and contemporary—and explains and illustrates each with iconic rooms from her portfolio. Finally, she presents several houses as case studies, displaying the power of these principles in action and emphasizing the importance of craftsmanship in design, from a stunning modern seaside retreat on Kiawah Island, South Carolina, to her unforgettable country house in Atlanta.

Ryan Korban has redefined luxury for a new generation, with an approach to interior design that infuses a timeless sensibility with a sense of lost romance, sex, fantasy, and a strong fashion influence. In this beautiful book filled with more than one hundred full-color photographs, the acclaimed interior designer, who is making a career of translating this aesthetic into elegant, comfortable interiors, shows readers how to achieve a sense of luxury in their homes that is at once glamorous and highly personal. Each of the book's seven thematic chapters focuses on a key component or influence that is essential to Korban's approach to decorating, and offers numerous sources of inspiration and innovative ideas. Every section also includes an introductory essay that explains his point of view on the subject, followed by a seamless flow of captioned images that expresses it in detail and from various visual perspectives. The photographs of spaces he has designed—including homes for celebrity clients—are complemented by images from fashion, advertising, fine art, and design that will inspire readers with their compelling juxtaposition and enhance the luxurious aesthetic. A Sources section listing Korban's go-to shops for everything from flowers to furniture rounds out this stunning book that is as alluring as the spaces featured within.
